7-Day 'I Do What I Say' Challenge

Instructions:

1. Each morning, write down **one professional task** you will complete today. (More the Merrier!)

2. At the end of the day, mark it as - **Done or Not Done** and reflect on any challenges.

3. Track your progress daily and upload the completed template on the LMS at the end of the week.

Examples of Tasks:

- Fix a minor UI bug

- Learn and try one new Git command

- Write meaningful comments for an existing function

- Review and give feedback on a teammate's code
